*Price does not include Mucosal Immunology print subscription

All SMI Memberships Include:

- Print and online access to Mucosal Immunology*
- Discounts on SMI events
- Free online job postings on the SMI Career Center page
- Access to the SMI online Member Directory for collaboration with colleagues
- 20% off Principles of Mucosal Immunology – the official textbook of SMI

*Unless otherwise specified

Qualifications

**New Members:** New applicants must upload his/her CV/Resume at the time of application. If the potential member is unable to provide his/her CV/Resume, please contact the SMI Membership & Marketing Assistant at (414) 359-1650 ext 1123.

**Regular Membership:** Anyone who is currently working in the field of mucosal immunology.

**Student/Trainee Membership:** Anyone who is considered a student in any capacity (i.e. Graduate Student, Post-Doc, currently in training, etc.) is eligible for student membership.

**Scientists from Under-Represented Countries:** Those who are residing in under-represented countries are eligible for a reduced membership rate. Please visit socmucimm.org/membership for a list of eligible countries.

**Emeritus Membership:** Those who are retired from full-time employment and who have been members of SMI for at least 5 years are eligible for Emeritus membership.
DISCOVER the benefits of membership

$ Discounts on Scientific Meetings
SMI members take advantage of reduced registration rates for the International Congress of Mucosal Immunology (ICMI) and the Mucosal Immunology Course and Symposium (MICS). In 2017, members saved $180 on an individual ICMI registration! That savings covered their annual dues cost!

✈️ Travel Award Opportunities
SMI is proud to support young scientists in the field of mucosal immunology, and grants travel awards to help offset transportation and lodging expenses to the ICMI and MICS. Travel awards range from $500 to $1000 and are given to young investigators who submit the highest scoring abstracts. This award is exclusively available to SMI members.

🏠 NEW: Mentorship Program
The SMI Mentorship Program provides young scientists (newly independent scientists or late stage post-doctoral fellows) with high quality mentoring by a senior scientist within the field of mucosal immunology. This two-year program is offered only to SMI members and provides up to $1000 in funds to support the mentee’s travel to the mentor’s institution, as well as complimentary registration at the ICMI or MICS events during their mentorship.

Mucosal Immunology

Mucosal Immunology is the official publication of the SMI. It reflects the interests of scientists studying gastrointestinal, pulmonary, nasopharyngeal, oral, ocular, and genitourinary immunology through the publication of original research articles, scholarly reviews, timely commentaries, editorials and letters. The journal is ranked 19th out of 150 immunology journals and has an Impact Factor of 7.478.

👨‍🏫 SMI Member Benefits:
• All memberships include free online access to MI
• Discounts on print version included in certain membership options
• Reduced page and color charges for SMI members
DISCOVER an international network of over 800 immunologists from a variety of specialties and backgrounds

Members by Continent
- North America 60%
- Europe 22%
- Asia 9.5%
- South America 4%
- Australia 4%
- Africa 0.5%

Breakdown of Current Members
- 58% Regular Members
- 36% Student/Trainee Members
- 5% Scientists from Under-Represented Country Members
- 1% Emeritus Members

While the majority of SMI members have an interest in the immunology of the gastrointestinal tract, a growing number express interest in other tissues as well:

- Gastrointestinal 79%
- Respiratory 25%
- Oral/Dental 7%
- Urogenital 5%
- Ocular 2%
- Ear 2%

Within these categories, SMI members conduct research on a wide variety of topics including (but not limited to):

- Inflammation
- Tolerance
- Commensal Microbiota
- Allergy
- T Cells
- Dendritic Cells
- B Cells
- Homeostasis
- Infections
- Cytokines
- Innate Immunity
- Cancer
- Inflammatory Bowel Disease
- HIV
- Asthma

Information from 826 SMI members as of 6/14/2017. *658 of 826 members responded with information on tissues of interest. Some members have interest in multiple different tissues.
The Society for Mucosal Immunology promotes excellence in research and education in the field of mucosal immunology and fosters communication among immunologists studying both human and animal tissues.

SMI is the preeminent, international community of physicians, scientists and investigators working together to advance the field of mucosal immunology and improve health worldwide.

MISSION

VISION
DISCOVER new opportunities for learning, collaborating, and networking

Mark Your Calendar for Upcoming SMI Events

MICS 2018
Mucosal Immunology Course & Symposium
July 17-20, 2018
Oxford • United Kingdom
Co-Sponsored By the Society for Mucosal Immunology & the European Mucosal Immunology Group

ICMI 2019
19th International Congress of Mucosal Immunology
July 17-20, 2019
Brisbane, Australia
