

Lab Group Breakdown

Lab group membership add-ons are available to any current SMI member classified as Regular, Early Career Investigator or Scientist from Under-Represented Countries. Lab group members are identified by the initiating SMI member and the annual fee includes up to 5 student/trainee members from their lab. This fee can be doubled to include up to 10 student/trainee members, with further discounts available for 2 or 5 year lab group membership add-ons. Add the lab group during your membership renewal/signup process, or contact Blake Manz at bmanz@socmucimm.org for more information.

How To Sign Up

Option 1- Add-on During Renewal or Joining SMI: During your renewal, you will see an additional Lab Group Add-on page. Choose 1 of the options, and complete your membership. Download the excel and fill out completely. Once completed, send to bmanz@socmucimm.org. Once your invoice is paid in full, your memberships, user names, passwords and membership packets will be sent to all lab group participants.

Option 2 - Side Purchase: To apply, download the excel and fill out completely. Once completed, send to bmanz@socmucimm.org. You will receive an invoice within 2 business days. Once paid in full, your memberships, user names, passwords and membership packets will be sent to all lab group participants.
